Paras Lubricants Limited, widely recognized under the brand name PALCO, is a leading manufacturer of high-performance lubricants and greases. Established in 1985, the company has built a strong reputation for quality, innovation, and reliability. With decades of experience in the industry, PALCO delivers advanced lubrication solutions that enhance performance and efficiency. Committed to excellence and sustainability, the company continues to evolve, meeting the ever-changing demands of industries worldwide.

MANUFACTURING & QUALITY EXCELLENCE

With its headquarters in Delhi and a Western Office in Mumbai, Paras Lubricants Limited operates two advanced manufacturing units in Daman (U.T.), ensuring top-quality lubricant production. ISO 9001:2015 Certified and recognized as a 'One Star Export House,' the company upholds strict quality control from raw materials to final dispatch. Sourcing premium base oils and additives from globally reputed suppliers, PALCO delivers superior performance across its product range.

DRIVING INNOVATION

PALCO's success is driven by a team of 350+ skilled professionals, combining expertise, innovation, and a commitment to excellence. With advance R&D and world-class manufacturing, the company delivers advanced lubrication solutions tailored to evolving industry needs. Operating with an annual capacity of 155,400 KL/MT per shift, PALCO serves Fleet Owners, OEMs, Government Institutions, and major industrial players. A robust distribution network ensures seamless availability, reinforcing PALCO's reputation for quality, reliability, and customer-first service.

WHAT WE DO

SEAMLESS DISTRIBUTION

A robust network ensuring reliable product availability and exceptional customer service worldwide.

GLOBAL REACH

Catering to Fleet Owners, OEMs, Government Institutions, and industries with an annual production capacity of 154,400 KL/MT per shift.

MANUFACTURING EXCELLENCE

Producing high-performance automotive, industrial, and specialty lubricants with advance R&D and world-class facilities.

QUALITY & STANDARDS

Producing high-performance automotive, industrial, and specialty lubricants with advance R&D and world-class facilities.

MISSION

At Paras Lubricants Limited, with our flagship brand 'Palco,' we are committed to being India's foremost lubricant manufacturing company. Our mission is to deliver superior-quality lubricating oils, greases, and specialty products that ensure optimal performance and reliability for our customers. Through continuous innovation, advanced technology, and exceptional service, we strive to exceed customer expectations and build long-lasting relationships. With a strong foundation in quality, sustainability, and integrity, we aim to expand our presence globally, setting new benchmarks for excellence in the Lubricant Industry.

VISION

Our mission is to provide high-quality products at a price that reflects true value, ensuring affordability without compromising excellence. Backed by a highly trained and motivated workforce, we are committed to delivering unparalleled support services that enhance customer satisfaction. By understanding and exceeding customer expectations, we strive to build lasting relationships, uphold industry standards, and continuously improve our offerings to meet evolving needs.

QUALITY POLICY

At Paras Lubricants Limited, we take immense pride in our legacy of excellence as a leading manufacturer and exporter of world-class lubricating oils, greases, and auto care products. Our unwavering commitment to quality reflects our pursuit of perfection, innovation, and customer satisfaction. Guided by the highest standards of industry excellence, we uphold the following principles:

- **Unparalleled Quality & Precision:** Every product embodies superior craftsmanship, meeting and exceeding global benchmarks.
- **Customer-Centric Excellence:** We place our valued customers at the heart of our operations, ensuring an extraordinary experience through reliability and performance.
- **Timely Delivery & Consistency:** We pledge to uphold our reputation by delivering exceptional products with steadfast precision and punctuality.
- **Proactive Vision & Leadership:** We navigate industry dynamics with foresight, addressing challenges and opportunities with strategic brilliance.

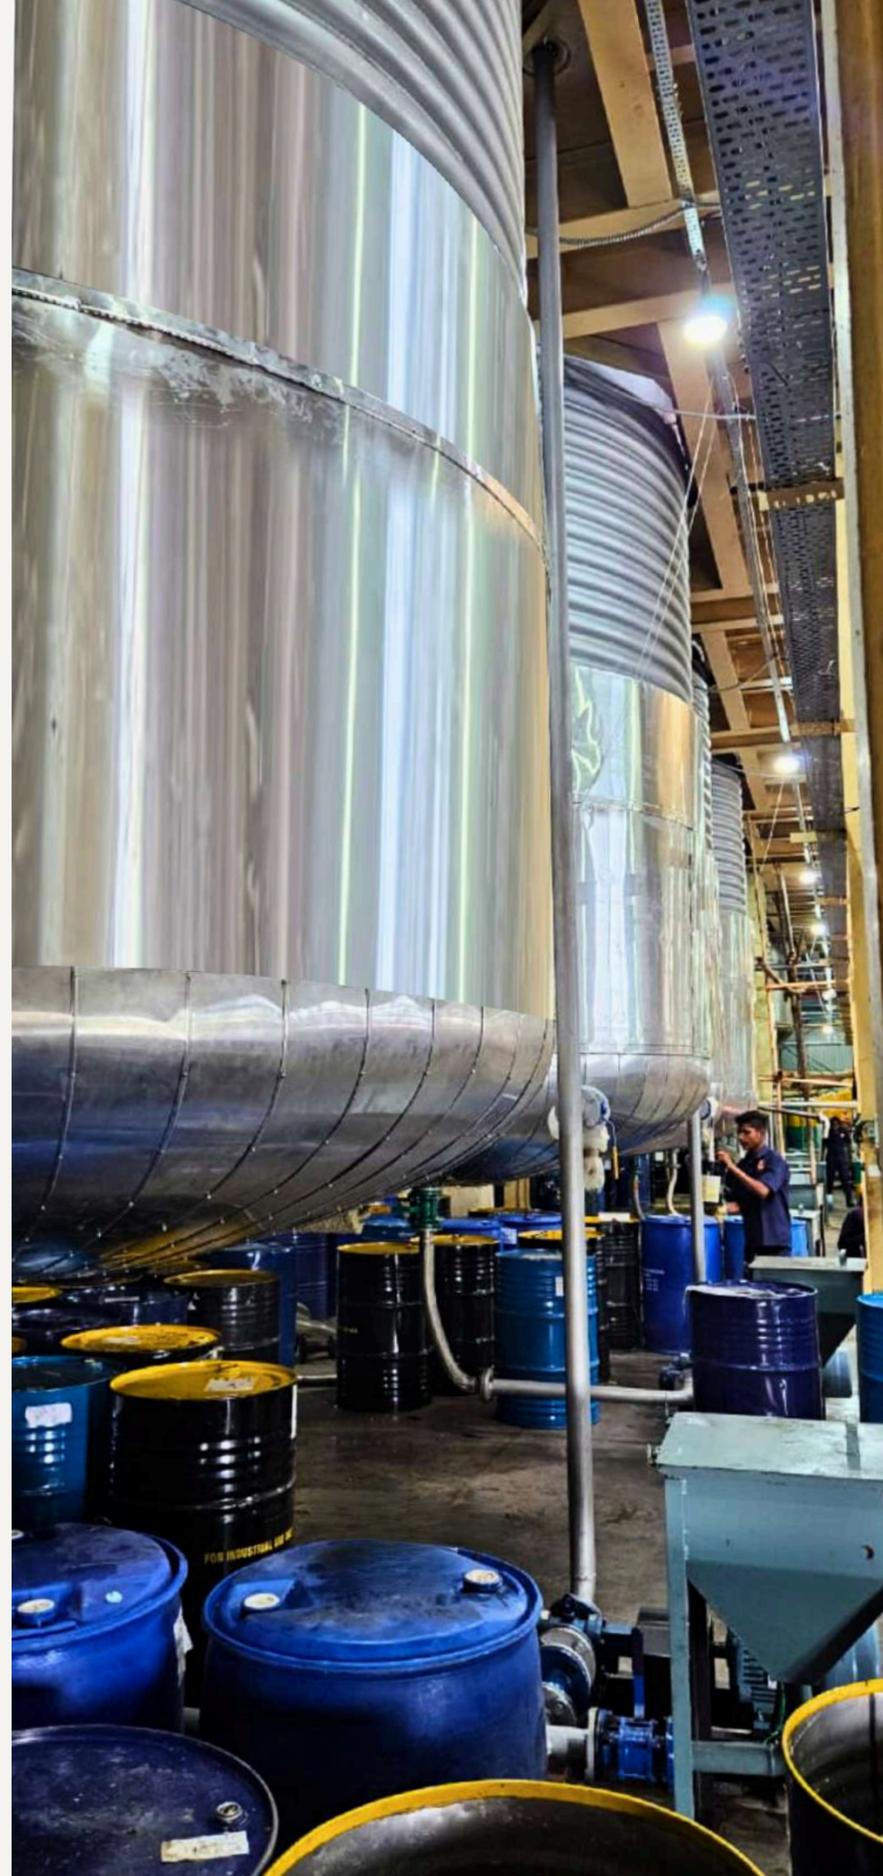

- **Transparency & Elite Standards:** Our governance is built on trust, clarity, and an unwavering commitment to operational excellence.
- **Continuous Evolution & Innovation:** We relentlessly refine our Quality Management System (QMS), achieving new heights of sophistication and efficiency.
- **Empowering Knowledge & Mastery:** Through cutting-edge training and technological prowess, we cultivate an ecosystem of expertise and teamwork.
- **Regulatory Integrity & Prestige:** We honor all statutory and regulatory mandates, reinforcing our standing as an industry leader of distinction.

With an unwavering dedication to innovation, sustainability, and global expansion, Paras Lubricants Limited aspires to set golden standards in the Lubricant and Auto Care Industry, crafting a legacy of excellence, trust, and leadership.

PRODUCT RANGE

AUTOMOTIVE OILS

High-performance Engine Oils, Gear Oils, Coolants, and Brake Fluids for four-wheelers, two-wheelers, diesel engines, heavy-duty machinery, and agricultural equipment.

INDUSTRIAL OILS

High-performance lubricants designed for diverse industrial applications, ranging from general-purpose to specialized fluids, ensuring optimal efficiency.

AUTOMOTIVE & INDUSTRIAL GREASES

Premium greases designed for optimal performance in both automotive and industrial sectors.

AUTO CARE PRODUCTS

A range of polishes, cleaners, shampoos, fresheners, and paint products for vehicle maintenance.

PREMIUM SELECTIONS FOR EVERY INDUSTRY

Automotive Oils

Car Engine Oils

Two Wheeler Engine Oils

- 2 Stroke Engine Oils
- Motorcycle Engine Oils
- Scooter Engine Oils

Three Wheelers & CNG Engine Oils

Diesel Engine Oils

- Mono-Grade Diesel Engine Oils
- Heavy-Duty Diesel Engine Oils(HDDO)

Agriculture Lubricants

- Tractor Engine Oils
- Pump Set Oils
- Power Tiller Oils
- Tractor Transmission Oils
- Rotavator Oils

GHANA'S PRODUCTION EXCELLENCE

Paras Lubricants Limited extended its global reach by establishing a plant in Tema, Ghana, in 2017. This marked a significant step in catering to the growing lubricant demands of West Africa. In Accra, manufacturing operations are efficiently managed by a dedicated team under the company name **Greenwich Industries Ltd.**

With a strong infrastructure and a highly skilled workforce, Palco ensures the production of premium-quality lubricants tailored to the needs of Ghana's automotive and industrial sectors. The company's presence in the region reflects its commitment to delivering innovation, reliability, and excellence in lubrication solutions. As Ghana's economy and industrial sectors continue to expand, Palco remains a key player in supporting sustainable growth and efficiency.

PALCO'S EXPANSION IN ETHIOPIA

Paras Lubricants Limited expanded its global presence by establishing a manufacturing plant in Addis Ababa, Ethiopia, in 2020. Operating under the name **PALCO Petrochem Manufacturing PLC**, the facility plays a crucial role in producing high-quality lubricants for the Ethiopian market and neighboring regions.

With a large and skilled team managing production, the plant ensures consistent supply and maintains Palco's commitment to excellence in lubricant manufacturing. Ethiopia's growing automotive and industrial sectors have created a strong demand for reliable lubrication solutions, and PALCO Petrochem Manufacturing PLC continues to meet these needs with innovation and efficiency.

EXPANDING HORIZONS

Paras Lubricants Limited has rapidly expanded its global presence, reaching 25+ countries in the last 5 years. With a strong commitment to quality and innovation, the company continues to strengthen its footprint in international markets.

RESEARCH & DEVELOPMENT

Since 1985 **SUPER**
Palco[®]
Advanced Lubricant Chemistry

18

At Paras Lubricants Limited, our advance **R&D Facility** is at the core of our commitment to innovation in lubricant technology. Our team of experienced chemists and formulators leverages advanced analytical equipment, sophisticated tribological test rigs, and a well-equipped research laboratory to develop high-performance greases, engine oils, and industrial lubricants.

We focus on next-generation engine oils that enhance fuel efficiency, reduce wear, and meet the evolving demands of modern engines. Every product undergoes rigorous testing to ensure it exceeds industry standards and meets customer expectations.

Complementing our R&D efforts is our world-class manufacturing infrastructure, where precision and quality control drive production. Equipped with cutting-edge automation and stringent quality assurance processes, our manufacturing plants ensure consistency and excellence in every batch. Our in-house testing laboratories further reinforce our commitment to delivering superior lubrication solutions.

Beyond performance, we are dedicated to sustainability—exploring greener technologies, reducing our carbon footprint, and striving toward carbon neutrality. As industry leaders, we take pride in shaping the future with sustainable, high-performance lubricants that drive efficiency and reliability worldwide.

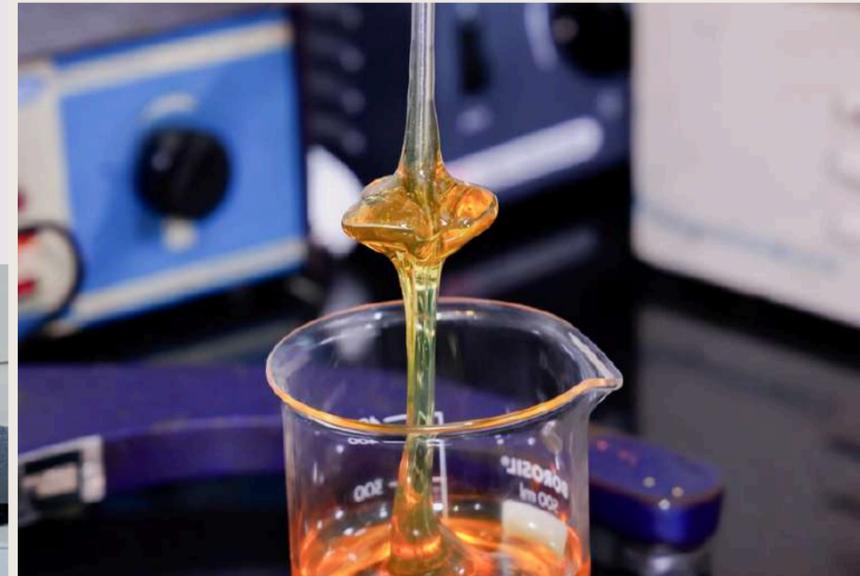

R&D WING

Paras Lubricants Limited operates two advanced manufacturing plants in **Daman**, equipped with advanced automation and strict quality control to produce high-performance lubricants. Each unit features a dedicated **R&D Lab**, ensuring continuous innovation & adherence to global quality standards.

PALCO'S GROWTH

Since 1985
PALCO[®]
Advanced Lubricant Chemistry

The global Oil & Lubricants market has seen steady growth, driven by Automotive, Industrial, and Machinery Sectors. From 1985 to 2025, rising vehicle production, industrialization, and technological advancements have fueled demand. In recent years, the shift towards synthetic, bio-based, and high-performance lubricants has gained momentum, with a growing focus on sustainability and energy efficiency. The market continues to evolve with electric vehicles, automation, and renewable energy sectors, shaping the future of lubrication solutions.

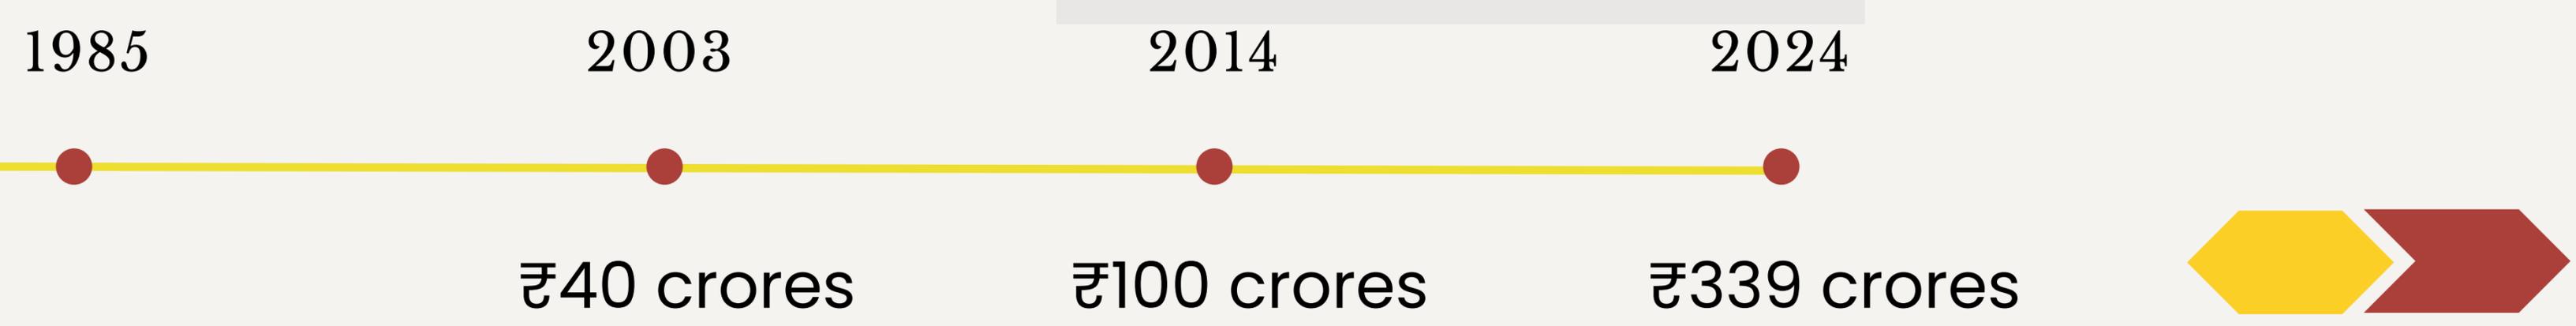

Paras Lubricants Limited has grown alongside this industry transformation. What started as a small team of just 4 to 5 people has now expanded into a global workforce of over 350+ employees in 2025. With a strong presence in 25+ countries, cutting-edge manufacturing facilities, and a commitment to innovation and quality, the company continues to strengthen its position as a leader in the lubricants industry.

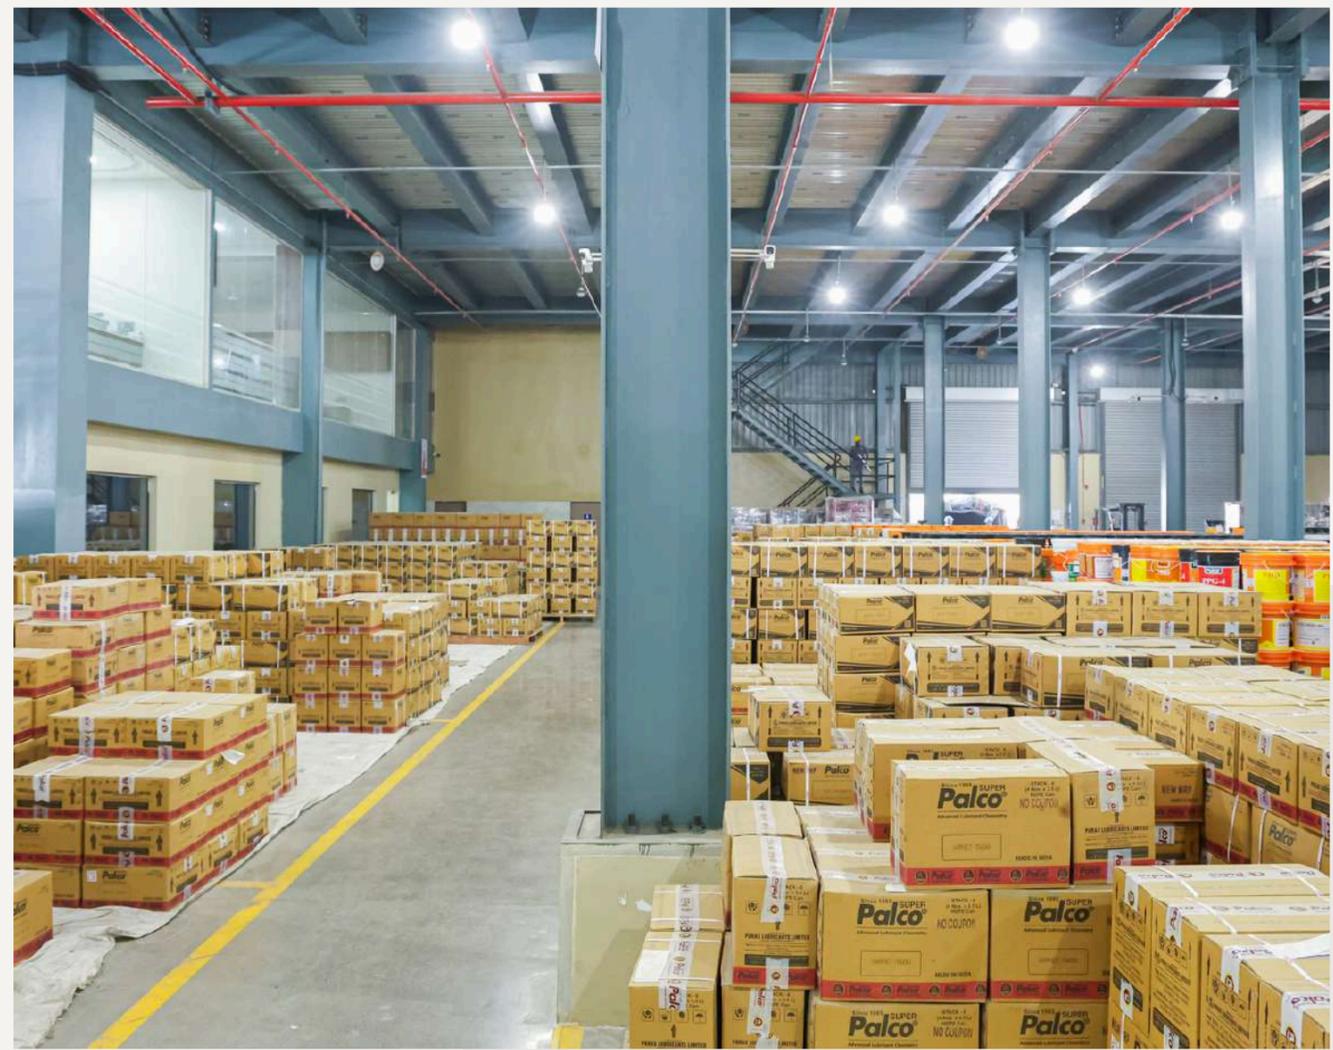

With massive growth in the company's turnover, Paras Lubricants Limited has expanded from a minimal revenue to ₹40 crores in 2003, marking a significant milestone. By 2014, the company further scaled new heights, reaching ₹100 crores, and in 2024, it continues its strong growth trajectory, achieving ₹339 crores. This remarkable progress reinforces Palco's position as a leading player in the lubricants industry, driven by innovation, quality, and a commitment to excellence.

Looking ahead, Paras Lubricants Limited remains committed to innovation, sustainability, and global expansion. With a strong foundation and a forward-thinking approach, the company is well-positioned to meet the evolving demands of the industry. By continuously enhancing product quality, investing in advanced manufacturing, and expanding its market reach, Palco is set to achieve even greater milestones in the coming years.

MEET THE MAN BEHIND INNOVATION

Back in 1985, our Chairman **Mr. Paras Bansal**, saw an incredible opportunity in the lubricating industry. He had a vision—to enhance the quality of products and tap into a rapidly growing market. And with that, Paras Lubricants Limited was established, introducing the PALCO brand to the world.

From its incorporation in 1985 as a Private Limited Company to its conversion into a Public Limited Company in 1995, PALCO has steadily grown. With its Head Office in Delhi and a Western Office in Mumbai, the company efficiently manages marketing, administration, and daily operations.

PALCO Lubricants are produced in two plants in Daman (U.T.), ensuring strict quality control at every stage. Expanding globally, manufacturing units in Ethiopia and Ghana further strengthen PALCO's international presence. With a highly skilled team and modern testing equipment, the company sources premium raw materials—including base oils and additives from globally reputed suppliers—to deliver superior lubricants worldwide.
